STOP PRESS

Gallagher, accused of murder of Coward, Carbon coal miner was found not guilty by the jury on Tuesday evening. This was Gallagher's second trial.

Fire Bell in Early Morning Rouses Citizens

Two barns and an automobile on fire was the cause of an early fire alarm on Monday morning a few minutes before 1 o'clock. Before the engines could be brought to the scene of the fire it had made such headway that the barns could not be saved but excellent work was done in saving other small buildings surrounding them; the wind blowing from the southwest was also in the favor of the firefighters. The barns and their contents were completely demolished.

The barns were located close together in the rear of the Presbyterian manse and Dr. Doherty's residence, west of the manse. The Chevrolet automobile and quite a lot of furniture belonging to Mr. Harry Bricker, was in the barn at the rear of Dr. Doherty's. The cause of the fire is unknown. Robert Doherty was awakened through some cause and looking out of his bedroom window saw that the northeast corner of their barn was burning fiercely. He immediately got busy and telephoned central to get help. The first place central called was the hotel. Dr. A. J. Weart of Three Hills, had just driven in to town, being called here for a consultation with Dr. Evans on a case at the hospital, and no person being around at that time in the morning answered the phone. He immediately made one of his old time sprints for the fire hall and rang in the alarm. The Doctor has had quite an experience in fighting fires in Didsbury.

They were a sleepy looking bunch of citizens at the fire but just think of the good early Monday morning start they got.

ROSEBUD UNDER NEW MANAGEMENT

The change in the management of the Rosebud Hotel has now been completed and Mrs. O. I. Harmer, of Edmonton, is now the new proprietress. It is to be hoped that this fine hotel under its new regime will receive the patronage from the town and district that it well deserves, and as Mrs. Harmer comes highly recommended that she will receive generous support. A fuller announcement of changes will be made shortly.

Mr. C. N. Bousall, formerly of Leader, Sask., arrived here a few days ago and has taken charge of the Atlas Lumber Co's business. Mr. Bousall is a genial fellow and will make a splendid addition to our large number of fine business men. Call on him and get acquainted. He has had a long experience in the lumber business.

Mrs. Henry McCohn who had to be taken to the Didsbury General Hospital a short time ago is progressing favorably. Her many friends will be glad to hear.

Lord Northcliffe Says Embargo On Cattle An Insult To Canada

London, (Pioneer)—The fact was very clear that he declined to become a member of the Coalition Government of Great Britain. It only because he would not want to be one of those who helped to begin the end of the British Empire. In his opinion, the people of Canada, Lord Northcliffe declared the greater part of an address at a luncheon of the Empire Press Union to condemning the "great ship" which upon the people of Canada by the embargo on the importation of Canadian stock cattle. Lord Northcliffe is honorary treasurer of the Empire Press Union.

Lord Northcliffe said: "We are not watching Canada closely enough, especially as to what is happening in the people's provinces. One of the clearest men I ever met, Lord Strathmore, said to me 20 years ago, 'I wonder if I am right in thinking that the future of the empire is largely wrapped up in what happens in Alberta and Saskatchewan.'"

Continuing, Lord Northcliffe said: "I don't believe that British people are not giving attention to Canadian affairs. If I were issuing papers in New York, which did not feel I should not give much attention to affairs in Australia or New Zealand, but should concentrate, as the Montreal papers now very largely do, on the more interesting foreign affairs of the moment. Englishmen often very frankly say they are bored with this matter of the great ship. We place upon the people of Canada by reason of the embargo on their cattle. One or two public men, Lord Beaverbrook in particular, have realized this problem. I have not his knowledge of Canada, though I certainly share his admiration for Canada."

"Canadians are not a very noisy people. We did not hear much about them going into the war, but they went in, and when there, they did great things. They are not talking very much about the embargo, except in the people's provinces, which are far removed from Montreal and other great news centres."

"I assure you that while you can say to Canadians: 'You shall not enter our house,' you cannot say to them: 'You shall not enter because you have a contagious disease.' I have talked about this repeatedly with English stock breeders. It is purely a question of protection. Formerly it was a concession to the Irish, but it is no longer an Irish question at all. This thing affects the reputation of every Canadian industry."

English Second Official Language

London.—The assembly of the international institute of agriculture has decided to adopt English as the second official language for the institute's bulletin, says Henry's House correspondent. Copy reports will be distributed by telegraph to the various countries that are members of the institute.

Peace Negotiations Fast

London.—The peace committee of the Irish Free State, which has been making efforts to find a ground upon which the factions in Ireland could agree, has failed to reach a basis for a settlement. It has been announced.

Floods Cause

Immense Damage

Assiniboine River Overflows Banks and Ruins Homes

Winipeg.—Heavy rains have contributed to a further rise of the Assiniboine River and protruding dykes along its banks have been swept away and the water is now creeping over thousands of seeded acres hitherto out of danger.

A fleet of flat boats has been put into operation in the Dupuy Point area, and farmers are saddling to and fro from their releasing many persons who had been marooned in the high waters of their homes. Four thousand acres of seeded land is now under water there. Farmers in many districts are driving their cattle to the high and removing their valuables to safe spots in the hills.

For as a 12-mile strip, three miles wide, the river has overflowed, its banks at Hecolite, Hecolite, lying in this district, are leaving their homes and seeking shelter in the high lands near Marquette. With the help of nearby farmers, they have driven their cattle to the hills. The prospective crop estimated at \$500,000 has been washed away, in sections of seeded land being inundated.

Bringing Big Sugar

Shipment to Canada

Carge of 6,000 Tons Largest Ever Shipped from Jamaica
Kingston, Jamaica.—The Canadian freight steamer Montezuma sailed for Montreal with 6,000 tons of sugar, the largest cargo of sugar ever shipped from this island. To date Canada has purchased over 15 per cent of the sugar crop of Jamaica.

About a year ago Canada extended to Jamaica a customs preference similar to that granted to other portions of the British West Indies some years ago. During the first nine months of the Canadian preference imports of Jamaica coffee and cocoa (rich, fragrant, undried), spices, hides and skins doubled, while vegetable oils increased fourteen fold and raw sugar went up 1,000,000 pounds. About six weeks ago the Jamaica Legislature notified a massive granting a customs preference on Canadian products, but the preference in most cases is only five per cent.

Closing the Banks Against Tyranny of Brute Force, Says Lloyd George

London.—Premier Lloyd George has sent the following telegram to the Congressional Union of England and Wales, in response to the Union's message to him assuring him of the organization's sympathy and support in his efforts to secure the peace of Europe.

"The humanitarian forces of the world are closing their ranks in the new crusade against the tyranny of brute force. I am glad to have the Union's message to me. We shall not rest until we have won."

VIOLENT STORM IN EASTERN MANITOBA

CYCLONIC WIND CAUSES GREAT DAMAGE TO DISTRICT EAST OF WINNIPEG

Winipeg.—Striking Manitoba at a point near Grant about 20 miles east of Winipeg, a cyclonic storm swept across from their northwestern, wrecked a number of houses, blew down telegraph poles and the city hydro system, causing Winipeg to be left without electric power for two hours. Two cows were killed when on both the Canadian Pacific and Canadian National systems, isolating the city from Eastern Canada by telegraphic communication. For several hours and caused damage generally which will run into many thousands of dollars.

Reports state that several persons had been injured, but no fatalities were caused so far as could be ascertained.

City Approaches Selection of Name for New Steamship

Montreal.—Mayor James Giesseck of Regina, presented the White Star Line steamship, bearing with a replica of the city's coat of arms at a luncheon, about the new passenger liner. Nearly four hundred guests and friends of the company were entertained.

P. O. Ward, representing Premier C. A. Dooling of Saskatchewan, and C. A. Cook, secretary and secretary of the Regina Board of Trade, were also present, and together with the mayor viewed the city's appreciation of the selection of her name for the new vessel.

Increase in Food Prices

Washington.—An upward trend in the retail cost of food was noted in statistics made public by the Bureau of Labor Statistics in the Department of Labor. Monthly from 15 cities showed increases from March 15 to April 15, ranging up to three per cent, while only one reported a decrease and only one in these, Fall River, with two per cent, showed more than one-half of one per cent decline.

Britain Still Hopes That Peace In Ireland May Be Restored

Vancouver Wants Drydock

Essential to City's Progress Opinion of Board of Trade

Vancouver.—As the result of action taken at a special meeting of the Board of Trade here, at which it was the unanimous opinion that a drydock for Vancouver is essential to the future progress of the city, a telegram was sent to the Government at Ottawa by President R. Kerr Henderson, urging the Federal authorities to continue the subsidy to the drydock here as authorized by the late Government, so that the work of construction can be proceeded with.

Prime Minister Mackenzie King is also being informed that the board is arranging a mass meeting of all the municipalities and organizations in the lower mainland of the province to discuss plans for further efforts to ward securing a drydock for this port.

Will Surmount Difficulties

King Assures Belgians of British Empire's Sympathy

London.—King Albert gave a banquet in the palace to King George and Queen Mary. In his toast his royal visitor, King Albert said Belgium still was suffering from the destruction and the economic troubles caused by the war. The king added that Belgium needs at its own time to participate, peace will be secured, a complex necessity, which had determined the policy Belgium had decided to pursue in full agreement with her allies.

Replying, King George said if there was one thing certain in the uncertain epoch which the world was passing, it was that the difficulties of Belgium could rapidly be surmounted, thanks to the wisdom of Belgian statesmen and the indomitable valour of the Belgian people. He added that in his progress towards the great future ahead of her Belgium always would have the sympathy of the British Empire, which fought beside her in the war.

Krupps Entitled to Royalties

Washington.—The American Government finds fault with the revised patent treaty with Germany, based on the necessity of paying royalties which may exceed. Exemption to the Krupp firm on patents based on the services of American engineers, Thomas W. Miller, chief property one nation, declared.

Will Not Fight Unless Compelled

Toronto, Ont.—Two Limer, the ex-Grand Master of the British Empire, is expected to have died in Britain. Observers say his troops have established three lines of trenches this side of Limer, close on the Indian railway south of the Great West, but whether he is General W. P. Miller's troops press them too hard.

London.—The Government has been sharply attacked in the House of Commons for failing to support the Irish British officers, recently captured in Ireland. Another Member declared that the Government, having created General Sir Nevill Blythe, the British commander in Ireland, had seen representatives of the Irish but they had not assured him they knew nothing about the situation although they were doing their utmost to prevent the news of the case.

Mr. Chamberlain admitted that a peace issue was before the House, whether the Government should decide that the experiment in Ireland had been tried far enough and whether the Government should accept a sense of honor at certain points should declare the issue at an end and step in and assume once more the duty of preserving law and order throughout Ireland. He had thought deeply about these matters but begged permission to think of it in more time and even when the issue and acquiescence of these members keep their eyes fixed on the great result which might yet be achieved and which would mean cessation of fighting and strength to the empire.

Mr. Chamberlain appeared confident that a continuation of the present policy would be increasing and that, given a little time, the provisional Government would secure a mandate from the Irish people and establish its authority throughout the 26 counties.

"For Heaven's sake," Mr. Chamberlain continued, "after the bitter experience of the past, let us give the provisional government a chance. We shall not save the lives of loyal soldiers in Ireland by resuming what must be civil war that could only end in subjugation not in reconciliation."

The motion for adjournment on which the debate was taken, was carried 258 to 61.

King George Eulogises

Heroism of Nurse

Deposits Wreath on Spot Where English Cavalry Was Executed

London.—The heroism and self-sacrifice of English Cavalry were eulogized by King George of Great Britain who with Queen Mary is here for a state visit to King Albert and Queen Elizabeth of Belgium. The British king laid a wreath of enwined British, French and British flags upon the spot where the British were a large number of Frenchmen, and three Belgians, were executed during the war by the Germans.

As he deposited the wreath, King George said Mrs. Cavell left the world an inspiration to the young and devotion which had a counterpart in the martyrdom of Jean of Arc.

Replying to an article in the last issue of your paper headed "Surprise Party for Jutland S. B." will say the article is very unfair and is not the truth, the article is not therefore scrupulous and should not have been written.

The School Board felt they were doing the right thing when they discharged their late teacher, as the majority of the ratepayers who had children going to school were perfectly satisfied

that the children were not being taught properly. No small petty spite as a result of children being strapped had anything to do with the matter, that is entirely beneath the dignity of the S. B.; it may have had something to do with the ratepayers but the S. B. were perfectly satisfied that it was their duty to do just as they did. They wish their late teacher every success.

The U. F. A. will hold a special meeting in the Opera House on Saturday, June 3rd, at 8 p. m. when Mr. Chaypool, M. L. A. for the Didsbury constituency will address the meeting. There will be no picture show on that night so as to allow this meeting to be held. A short musical program is being arranged and ladies are cordially invited to attend.

Didsbury with its well graded streets, fine lawns and boulevards and fine shade trees is showing up at its best just now

with its spring dress. We notice quite a few improvements being made to the surroundings of some residences and business places, notably the rear of the Union Bank premises where the staff have planted a double row of fine young spruce trees and planted a garden inside. Mr. Schmeltke is also improving his residence by putting up a new fence all around the corner.

BORN:— At the Didsbury General Hospital, Friday, May 19th, 1922, to Mr. and Mrs. A. Whyte, twin girls.

AROUND THE TOWN

Dr. and Mrs. A. J. Wwart and children, of Three Hills were visitors in town for a couple of days last week.

Mr. Herb. Liesener who has been attending Dental College in Toronto this last three years has been successful in winning his degree. Herb. is expected home about next week and will receive the congratulations of his numerous friends here.

The town has leased about seven acres of land north of Emerson Morrison's house to Messrs Burrell and Astell who are fencing same for pasture. This cuts off several trails leading into the centre of town from the southwest and the main roads will now have to be taken to get into town from this quarter.

It is said that the best way to preserve apples in winter is to wrap them in old newspapers so as to exclude the air. The exception is made, however, that the newspaper must be one on which the subscription has been paid otherwise the dampness resulting from what is "dew" may result in spoiling the fruit.

A large crowd attended Miss Legault's piano recital held at the Didsbury public school last Wednesday evening. Mr. H. W. Chambers very acceptably acted as chairman. We congratulate Miss Legault for her good program and the rapid progress of her pupils.

Rev. D. MacGregor filled an appointment at the Three Hills Presbyterian Church on Sunday consequently there was no church services in Knox church here on that day. Sunday evening services will be conducted as usual on Sunday next at Knox church.

The Didsbury Women's Institute will meet at the home of Mrs. Wm. McCox, Friday, June 9th. Mrs. H. Matthews will give a paper on origin and growth of the Women's Institute. Will each member please make two articles of flour sacks and wrap each in a small parcel to be sold at 25 cents each. All ladies are cordially invited to attend.

The Girls' Club are holding their second dance in the Opera House on Friday evening, June 2nd. This dance promises to be a good one and if it comes anywhere near the success their last one was will be a big event. The services of W. L. Lott's Calgary orchestra have been procured. A large crowd is expected at this dance which at regular prices includes a lunch made up by the girls. Nuf sed.

King Hiram Lodge, A. F. & A. M., Holds Past Master's Night

Another landmark in local Masonic circles was placed on Tuesday night, May 23rd, when King Hiram Lodge No. 21 A. F. and A. M. celebrated by holding the first Past Master's night ever held in Didsbury. Considering that it is very seldom that a town the size of Didsbury is able to carry through a meeting of this kind because of a lack of enough Past Masters residing within measurable distance of the Lodge, the meeting was unique, and Didsbury is to be considered fortunate in being placed on the Masonic records of Alberta because of this meeting. The officers and members of King Hiram are also to be congratulated on their efforts in honoring these men and providing a night where everybody could get together and revive memories of the early days of Masonry in Didsbury. It is seventeen years ago, in the winter of 1905, that the first move was made by Masons residing in Didsbury to form a Lodge here when C. L. Peterson, P. M., R. Hollinger, P. M., W. Pieper, O. E. Price, J. O. Williams, C. E. Pearson, R. E. Doney and M. Newhall, all excepting Mr. Peterson and Mr. Hollinger having moved away to pastures new since that time but who are still living, formed the nucleus of the present splendid organization after a great many drawbacks.

The splendid lodge rooms of King Hiram was filled to the doors with officers and mem-

bers present to do honor to the occasion when the Wor. Master, J. McGhee, called the lodge to order and asked the following Past Masters to fill the offices which the regular officers vacated:

I. P. M.—Wor. Bro. C. L. Peterson

P. M.—Rt. Wor. Bro. R. Hollinger.

S. W.—Wor. Bro. J. A. Findlay

J. W.—V. Wor. Bro. A. G. Studer

Sec.—Wor. Bro. H. E. Osmond

S. D.—Rt. Wor. Bro. A. F. Brusso

J. D.—Wor. Bro. G. H. Lieberman

S. S.—Wor. Bro. G. F. Smith

Chap.—Wor. Bro. W. G. Evans

D. of C.—Wor. Bro. A. Campbell

After the second degree had been exemplified by the P. M.'s in a very able manner short speeches were indulged in and Wor. Bro. McGhee invited the members to demonstrate their ability in the fourth degree which had been provided by the Tyler, Bro. W. E. Sick in his usual able manner.

After the inner man had been satisfied with the good things provided, Wor. Bro. McGhee acted as toastmaster for a short toast list which included speeches from Rt. Wor. Bro. Hollinger, Wor. Bro. Findlay, Rt. Wor. Bro. Brusso, Wor. Bro. Osmond, Wor. Bro. Good and Wor. Bro. McGhee during which events in the early history of Masonry in Didsbury and the town generally were related to mind in a very entertaining manner and which was greatly enjoyed by all present.

Assessment of town Property Completed

The town assessment committee composed of Mayor Chambers, Councillor S. Arlenson and Secretary Austin, with the assistance of Mr. E. Morrison, the well known contractor, completed their labors on Friday night last after another long session. Most of the residential property was left at the same assessment as last year. The assessment on buildings in the centre of the town was the hardest to arrange. It was found that some of the buildings in the business centre were very unequally assessed according to building values and consequently this was where the biggest changes were made in equalization.

As a representative of the Pioneer was present at both meetings it can be stated emphatically that a fair and equitable adjustment was sincerely and thoroughly sought and the committee conscientiously tried to do their best for everybody concerned.

After the new assessment is totaled up it may be found that it will not be enough to raise the revenue needed at a lower tax rate than last year. If this is found to be the case there is only one way for the Council to act and that is to raise the present 20 per cent of valuation on buildings to a higher figure.

The Mayor is hopeful that this will not have to be done and yet be able to give the taxpayer a lower tax rate this year.

It is not expected that much relief can be obtained by any person applying to the Board of Appeal on assessments this year as the basis on which the assessment on buildings has been arrived at is pretty close to the actual cost.

Olds on the 24th of May when the local lost out by one, the score standing 7-8 in favor of Olds. A large number of local fans went up to take in the game.

On Friday night last Olds came to Didsbury and trimmed the locals to the tune of 5-0. The Olds aggregation made their score in the first few innings but Didsbury tightened up considerably and slant them out from piling up a bigger score. Lack of practice and hard luck combined seemed to be the handicap and but for the good work of Studer on first and Reiber's excellent fielding the tale would have been sadder still.

Studer was on the job all the time although Weyman in the box proved a find and while a little wild at times held the visitors

down in good shape. Hinton of Olds received a bad crack in the head from a pitched ball but managed to keep in the game. This game was the first that Weber the Didsbury catcher had ever played in this position. The new grounds may have had something to do with the sad story but the lack of practice also had quite a lot to do with it. The season has only just commenced, however, and it is hoped that the team will get down to business and come up to somewhere near last year's standard.

Jutland has a fighting name; Jutland's there to play the game;

She has a correspondent too, Who has seen the game all through.

They have seen the little bunch in the corner have a hunch; They were bound to win the day For they had to have their say. They would not believe their kids

For all their talk was little fibs. They had filled the Inspector's car

Full of good and healthy cheer. The little children they were nine.

Sitting there in perfect line; The unruly kids, they all were out.

So that is why they took the blame For the things that had been done

In the name of, "Just for fun." They had fried four gophers fat In the stove, but what of that! In the stove a wiggy snake, They were sure it would not bake;

But the scent from burning hair Sent it's perfume on the air; Wick the windows open flew To let out the wonders, phew! Children why will you run out When the teacher is about;

She will mark you on the wall. She will make you feel so small. Fill the daddies say she might Lay the strap on not too light. Teacher you must make them mind

Or your contract will not bind; Teacher, why close classes 1 and 6

In the same old atlas mix. Lone Pine was a peaceful place Till she got that fighting name; And that little bunch will see That there is no rest for them.

A Sinner.
